

Budget Execution Branch (BRX)

Manages the budget execution processes for reimbursable agreements, earmarks, and funds distribution. Provides support and analysis of civil servant and contractor workforce. Serves as technical advisor on budgetary matters and ensures the effective utilization of resources in meeting the center's institutional and programmatic objectives. Works closely with the other organizations within RAMO to ensure activities are executed within the approved plans and resources allocated to the center. Makes regular status reports to the center management and surfaces all relevant issues. Identifies alternate courses of action and makes appropriate recommendations.
